STRENGTH BUILT INTO EVERY DETAIL.

From the moment you buy to the moment you mow, Cub Cadet is fully committed to giving you the unrivalled experience that comes with the XT Enduro Series™. Take a look at all of the XT Enduro advantages tailored to help you create your best lawn yet.

XT1
ENDURO SERIES

XT2
ENDURO SERIES

XT ENDURO SERIES ADVANTAGES

- ▶ **AeroForce™ Fabricated Decks Designed to Deliver a Precise Cut**
A heavy-duty fabricated AeroForce™ deck engineered for optimal airflow and suction that helps prevent clumping during discharge and provides excellent bagging performance (XT2 models only).
- ▶ **Responsive Handling**
Automotive-inspired handling with an optimised steering system that delivers a one-touch, 16-inch turning radius on the XT1 and XT2.
- ▶ **Standard in Comfort**
Adjustable high-back seats across the range and armrests available on the XT2 models, refined ergonomics and bold styling.
- ▶ **Smooth and Simple Operation**
Hydrostatic transmission—no shifting, just push the pedal and go.

- ▶ **Excellent Support**
An experienced national dealer network delivers dedicated personal owner support.
- ▶ **Strong Warranty**
 - 6-year domestic & 90 day commercial unit warranty
 - 6-year domestic & 90 day commercial engine warranty
- ▶ **Year-Round Attachments**
Bagging and mulching attachments maximise the versatility of your Cub Cadet lawn tractor. Sold separately.

A CUT ABOVE.

The next generation of ride on mowers is here. The XT1 Enduro Series™ is the industry benchmark with power, comfort, precision and control for the ultimate mowing experience. Loaded with features, the XT1 Enduro Series™ is ideally equipped for easy mowing and towing around the yard.

▶ Power On A Whole New Level

The XT1 LT 42 features a 547cc Cub Cadet single OHV engine with IntelliPower™ technology that provides more available power under wet, heavy loads resulting in less bogging down and more consistent cutting.

▶ Advanced Cutting Performance

A muscular cutting system featuring a 107cm (42") stamped deck built with heavy-duty material and an advanced belt design ensures durability and reliability while delivering the pristine Cub Cadet Signature Cut™.

▶ Incredibly Responsive Handling

With a tight 16" turning circle that enables you to manoeuvre around obstacles on your lawn, the XT1's steering system delivers optimised command and control at every turn.

▶ Added Comfort

High-back seats, comfort-grip steering and overall ergonomics are designed to keep you comfortable for extended periods.

XT1™

ENDURO SERIES™

• XT1 LT 42 IntelliPower™

(See page 42 for full specifications)

WARRANTY

6-year unit domestic warranty. 90 day unit commercial warranty.
6-year engine domestic warranty. 90 day engine commercial warranty.

INTELLIPOWER™
OPTIMISED ENGINE TECHNOLOGY

INTELLIPOWER™

OPTIMIZED PERFORMANCE

The XT1® LT42 with IntelliPower™ Technology delivers up to 18% more available power*, resulting in less bogging down when mowing in challenging conditions like tall, thick, or wet grass.

*When compared to a Cub Cadet 547cc engine without INTELLIPOWER™ feature. Improvements vary depending on engine models and specific operating conditions.

PREMIUM AND POWERFUL.

The XT2 Enduro Series delivers even higher levels of power, control and durability - all with a premium automotive-inspired design.

The XT2 LX 42 and LX 46 EFI models deliver smart tech features such as Electronic Fuel Injection and Push Button Start (PBS). The LX 42 Kawasaki® model's 24HP engine gives you the power to take on larger areas with ease.

Stronger Engine Choices

The LX 42 & LX 46 EFI models feature a 679cc Cub Cadet Electronic Fuel Injected engine that helps reduce maintenance. The EFI engine also offers Push Button Start (PBS) giving you keyless starts - just push a button and go. The LX 42 Kawasaki® model features a powerful 24HP engine ideal for larger, more challenging areas.

Comfort With Added Extras

High-back seats with armrests ensure you stay comfortable for extended periods, along with a standard front bumper, cruise control plus LED headlights for maximum visibility.

Auto Traction Control

Automatic locking rear differential for all weather conditions and cutting terrains available on both the XT2 LX 42 EFI and the XT2 LX 46 EFI models.

Added Durability

Front wheel bearings for low-friction tyre and wheel rotation, as well as a front bumper to help protect the front of the mower.

WARRANTY

6-year unit domestic warranty. 90 day unit commercial warranty.
6-year engine domestic warranty. 90 day engine commercial warranty.

ULTIMA

ULTIMA

**STEP UP TO A MOWING
EXPERIENCE UNLIKE ANY OTHER:
THE ULTIMA SERIES.™**

ULTIMA SERIES

THE ULTIMATE ALL-AROUND MOWING EXPERIENCE.

Forged for Enhanced Strength and Durability

- A:** Continuous tubular steel frame
- B:** Premium Kawasaki® engines (ZT1, ZT2, ZTX & ZTXS models only)

Redefined Comfort for Maximum Speed

- C:** Durable, advanced polymer seat suspension
- D:** Rubber floor mat and ample legroom
- E:** Overmolded rubber hand grips or intuitive Soft-Touch steering wheel with adjustable steering column
- F:** Automotive-inspired, ergonomic, fully adjustable high-back seat

STEERING OPTIONS TO MEET YOUR NEEDS

Lap Bars

Overmolded and fully adjustable rubber hand grips generate less vibration for added comfort.

Steering Wheel

Professional-grade Synchro-Steer™ technology, exclusive to Cub Cadet, makes for a familiar user experience as well as enhanced precision, control and stability on hills up to 20 degrees.

Cut Quality for the Perfect Pass

- G:** Stamped and fully welded fabricated steel AeroForce™ deck options
- H:** 15 quarter-inch deck height adjustments

- I:** Offset front axle on all lap bar units for precise trimming
- J:** Premium Turf Master rear tyres

Maintain With Ease

- K:** Maintenance-free spindles
- L:** Hinged floor pan for maintenance needs
- M:** Strong warranty, including the fabricated deck shells

THE ZERO-TURN LEADER.

Step up to the ultimate all-around mowing experience with unrivalled strength, comfort and performance. The best-in-class cut on the Ultima Series™ ZT will bring you one step closer to your best lawn yet.

▶ **Tough Build**

A continuous 5cm x 5cm tubular steel frame with protective e-coat on its lower end gives you optimal durability and strength with automotive-grade corrosion resistance for long-lasting use.

▶ **Redefined Comfort**

An automotive-inspired, fully adjustable 51cm high-back seat (armrests available on the ZT2 54), ergonomic hand grips and a rubber floor mat let you comfortably cut at a maximum forward speed of up to 11km/h.

▶ **Best-In-Class Cutting Performance**

Independently tested and proven, fabricated decks in combination with 15-position deck height adjustment options and an offset front axle, deliver a best-in-class cut with fewer clumps, finer clippings and increased evenness.

▶ **Seamless Maintenance**

Highly accessible hinged floor pan for easy deck access and maintenance-free spindles make routine servicing quick and simple.

WARRANTY

3-year unit domestic warranty. 90 day unit commercial warranty.
3-year engine domestic warranty. 90 day engine commercial warranty.
5-year fabricated deck shell domestic warranty.

STEER IT TO BELIEVE IT.

The Ultima ZTS brings Cub Cadet's innovative and proprietary Synchro-Steer™ technology to the proven Ultima Series™ platform for enhanced precision and confident control on challenging hills—all backed by the superior strength, comfort and cut quality of Cub Cadet.

▶ Effortless Control

Step up your control from traditional lap bars with Synchro-Steer™ technology. The familiar steering wheel experience plus four-wheel control makes for enhanced precision, manoeuvrability and stability on all terrain—including hills of up to 20 degrees.

▶ Tougher Than Tough

A continuous 5cm x 5cm tubular steel frame with protective e-coat on its lower end gives you optimal durability and strength with automotive-grade corrosion resistance for long-lasting use giving you added peace of mind.

▶ Best-In-Class Cutting Performance

Independently tested and proven, the fabricated decks, in combination with 15-position deck height adjustment options and an offset front axle, deliver a best-in-class cut with fewer clumps, finer clippings and increased evenness.

▶ First-Class Comfort

An automotive-inspired, fully adjustable 51cm high-back seat and armrests, a soft-touch steering wheel with adjustable steering column, and a rubber floor mat let you comfortably cut at your maximum speed for all day mowing.

WARRANTY

3-year unit domestic warranty. 90 day unit commercial warranty.
3-year engine domestic warranty. 90 day engine commercial warranty.
5-year fabricated deck shell domestic warranty.

STEP UP TO ANY CHALLENGE.

The professional-grade build of the Ultima Series™ ZTX zero turns deliver enhanced strength and durability so you can comfortably cut at maximum speed through the most challenging conditions.

Strength On Deck

Built on a 3.8cm x 7.6cm tubular frame and featuring a 10-gauge steel fabricated AeroForce Max™ deck with side, top and leading-edge reinforcements and best-in-class bagging capabilities, you will be equipped with the right amount of strength and rigidity for consistent productive mowing.

Built-In Longevity

The professional-grade Kawasaki® engines are backed by a strong 3-year domestic warranty and service support from our extensive dealer network nationwide to assure the extended lifetime of your machine.

Command With Comfort

Advanced polymer seat isolators, isolated front caster suspension and an automotive class 51cm high-back seat with padded armrests deliver a smooth, quiet ride at up to 13km/h with less vibration than other zero turns.

Endless Versatility

With a full line-up of premium attachments and LED headlights, as well as a standard rollover protection system (ROPS) plus rear tow hitch, build the perfect zero turn package to tackle all of your needs.

WARRANTY

3-year unit domestic warranty. 2-year unit commercial warranty.
3-year engine domestic warranty. 2-year engine commercial warranty.
5-year fabricated deck shell domestic warranty.

STEP UP TO STEERING.

Introducing the Cub Cadet® Ultima ZTXS, the machine that brings proprietary Synchro-Steer™ technology to the proven Ultima Series platform. Engineered for precision and confident control on varying terrain and challenging hills - all backed by the strength, comfort and cut quality of a Cub Cadet zero turn. The commercial-grade features of the Ultima ZTXS range is designed for fast turning and efficient manoeuvrability through challenging conditions.

▶ Excellent Control

Step up your control from traditional lap bars with Synchro-Steer™ technology. The familiar steering wheel combined with four-wheel control makes for precision, manoeuvrability and stability on a variety of terrains including hills up to 20 degrees.

▶ Strength on Deck

Built on a 3.8cm x 7.6cm tubular frame featuring a 10-gauge steel fabricated AeroForce Max™ deck with side, top and leading-edge reinforcements and bagging capabilities, you're equipped with the right amount of strength and rigidity for precise cut quality.

▶ Versatility

With a full lineup of attachments and LED headlights as well as a standard rollover protection system (ROPS) plus rear tow hitch, you can build the ideal zero-turn to tackle your needs.

▶ Command With Comfort

Polymer seat isolators, isolated front caster suspension and a high-back seat in 51cm or 61cm options with padded armrests designed for a smooth and quiet ride up to 13.7km/h with minimal vibration.

WARRANTY

3-year unit domestic warranty. 2-year unit commercial warranty.
3-year engine domestic warranty. 2-year engine commercial warranty.

RESIDENTIAL: ULTIMA ZTXS SERIES™

Cub Cadet®

BATTERY POWERED. EMPHASIS ON POWER.

Your lawn care depends on strong equipment, and our electric lineup won't let you down. Each piece is engineered with the same uncompromising commitment to design, comfort and performance we demand from every product.

FLEXIBLE CHARGING SYSTEM.

Get a lightning-fast charge from a standard 110V outlet without waiting overnight. In a pinch, charge to the exact power you need without risking battery damage.

100% EMISSION-FREE EQUIPMENT WHEN MOWING.

No exhaust, carbon monoxide or unburned hydrocarbons from the on-board power source for cleaner operation.

NO PETROL. NO OIL. NO HASSLES.

Less time getting ready to cut means more time enjoying your yard.

SIGNIFICANTLY QUIETER THAN PETROL.

Cut at dawn or dusk without disturbing the neighborhood.

ELECTRIC
LITHIUM ION

EASY TO USE. EVEN EASIER TO OWN.

The benefits of electric equipment compared to petrol are beyond mowing your lawn. More flexibility, less time servicing and no more trips to the petrol station frees up time to enjoy the lawn you love.

▶ Cuts Like Petrol Models

Think electric equipment compromises power? Think again. Our lithium-ion powered electric lineup is designed to deliver a quality cut that you would expect from any Cub Cadet.

▶ Power Until The End

Our lithium-ion battery pack is designed to help minimise power fade, while the efficient brushless motor helps provide optimal power.

▶ 100% Electric. 0% Compromise.

Our electric lineup is engineered to meet the same rigorous Cub Cadet standards for performance, power and durability you'll find in any Cub Cadet equipment.

**BUILT
DIFFERENT**

PRO SERIES

It's easy to stick with what you know.

But real progress starts with doing something **different**.

Different isn't afraid to stand out.

Different doesn't back down from an uphill battle.

Different pushes the limits of what's possible.

Different is the beating heart of innovation.

The Pro Series by Cub Cadet®

BUILT DIFFERENT

cubcadet.com.au/commercial-mowers

PRO Z™ SERIES

Your difference maker.

It takes a different kind of person to do what you do. And a different kind of machine. The PRO Z Series was built for exactly that. Maintenance-free spindles and commercial-grade engine options amp up your productivity, while fully welded frames and tough fabricated decks were engineered to stand up to tough demands for years to come.

The PRO Z Series offers category-exclusive steering systems engineered to tackle challenging terrain with up to a 20-degree incline. Add it to your crew and see the PRO Z difference for yourself.

PRO Z ATTACHMENTS

Attachments Sold Separately

Power Collection System

Quick and easy to install, the three bag Power Collection System performs well under tough conditions (PRO Z 700 S only).

Mulch kit

Mulching your lawn clippings allows for quick decomposition and returns essential nutrients back to the yard.

*Engine HP is set by the engine manufacturer.
Product images are for illustration purposes. Product specifications may change at anytime without prior notice.

PRO Z™ DUAL-WHEEL SERIES

Hillside stability solved.

You never back down from a challenge. That's why the PRO Z SD and SDL are dual-wheel commercial zero-turns specifically engineered to tackle challenging terrain with up to a 25-degree slope. And with up to 30 degrees of self-leveling air-ride seat comfort (exclusive to the SDL) these mowers are built to tackle properties with hilly and varying terrain.

DUAL REAR WHEELS

Oversized dual rear wheels provide stability, traction and precision on the 972 SD and SDL.

PRO Z 972 SD

Engine: 3-year domestic & 3 year commercial.

HILLSIDE CONFIDENCE

Four-wheel steering control with power steering increases productivity and hillside confidence for the ultimate in manoeuvrability.

- A** Up to a 25-degree slope
- B** Category exclusive steering wheel control with power steering
- C** Dual wheel traction control

Deck size: 72"

MAXIMISED COMFORT

The self-leveling air-ride seat on the PRO Z 972 SDL lets you operate with up to 15 degrees of self-leveling from side to side.

*Engine HP is set by the engine manufacturer. Product images are for illustration purposes. Product specifications may change at anytime without prior notice.

PRO Z™ COMFORT

A different level of comfort.

When days are as long as yours, comfort isn't just nice to have—it's necessary. That's why we designed the PRO Z Series to be a smooth ride. Innovative features like the isolation dampening system and air-ride suspension help absorb impacts of the job, while adjustable seat firmness (PRO Z 900 Series only), lumbar support and padded armrests provide additional comfort so you'll be able to go the distance.

PRO Z AIR-RIDE SEAT

Our air-ride seat allows riders to adjust seat firmness to their personal preference. Standard on the PRO Z 900.

- A** Air-ride control
- B** EVC cushion (elastic vibration control)
- C** Isolation-dampening system
- D** Angle-back adjustment
- E** Adjustable padded armrests
- F** Adjustable lumbar support

PIVOTING FRONT AXLE WITH ISOLATION-DAMPENING SYSTEM MOUNTS

A pivoting front axle allows the front end of the PRO Z to ride across uneven terrain while helping protect the quality of the cut.

The frame and axle float as the PRO Z moves, allowing the deck to follow the shape of the terrain and help avoid scalping.

- A** 2 1/4" of travel
(4 1/2" of total travel)
- B** Isolation-dampening system
(standard on the PRO Z 900 Series)
- C** Maximum angle of travel up to 6 degrees

PRO Z™ STRENGTH

Strength without compromise.

You expect the best and the PRO Z Series deck delivers.

Fully fabricated and triple plated steel thickness with top and bottom reinforcements—so you can power through the rigors of your job, day in and day out.

DECKS BUILT TO LAST

Tackle tough conditions with a triple-7-gauge steel cutting deck: a 7-gauge deck shell with 7-gauge top and bottom reinforcements.

*PRO Z 700 & 900 Series.

Durability

- A** 1/4" leading rolled edge
- B** 5/16" steel side reinforcements
- C** 3/4" wear guard
- *** Maintenance-free spindle assembly

Quality Cut

- D** Flexible rubber discharge chute
- E** High-lift Marbain® blades
(with blade tip speed up to 18,500 fpm)
- F** Adjustable rear striping roller
(standard on the PRO Z 900 Series)

HARD-WORKING FRONT END

Help absorb the impact of rough terrain with new front-end construction featuring a combination of axle, hub and yoke size.

- A** 2" x 3" pivoting front axle
- B** Isolation-dampening system
(standard on the PRO Z 900 Series)
- C** 5" steel hubs
- D** 1/2" thick steel front yokes
- *** Sealed maintenance-free ball bearings

PRO Z™ PERFORMANCE

Built to meet high standards.

High standards like yours need high performance. That's why the PRO Z Series was engineered for consistent cut quality, in varying conditions. Featuring high-torque, commercial transmissions and high-horsepower, commercial-grade engines for optimal blade tip speed—and precise, single passes through thick grass.

POWERFUL KAWASAKI® ENGINES

- ▶ Designed to deliver excellent horsepower
- ▶ Optimal balance of torque and power
- ▶ Maximum blade tip speed up to 18,500 fpm

Shown above:
Kawasaki® FX921V engine.

MAX SPEED

Maximum forward speeds.

COMMERCIAL-QUALITY CUT AT HIGH SPEEDS

High-lift Marbain® blades with blade tip speed up to 18,500 fpm

3" total blade overlap

Helps save time by cutting more grass in one pass.

COMMERCIAL ENGINE HORSEPOWER AND TORQUE

PRO X™ SERIES

Different done better.

Seize productivity with the latest addition to the Cub Cadet professional line up. The PRO X 648 gives you the zero turn flexibility you need to mow a wider range of properties.

The easy-to-adjust suspension platform accommodates any operator while the smooth and highly responsive controls allow for less vibration and peak manoeuvrability, maximising your productivity and comfort.

What makes the Pro X™ Series?
