

# REDMAC LATEST NEWS

## PARTNERSHIP ANNOUNCEMENT

We are pleased to announce that RedMac has agreed to form a partnership with Hutton and Northey Sales. The agreement will see the two longstanding machinery dealerships operate as a group with common ownership. More details will be announced as the agreement is finalised.

Our identity and daily operations at RedMac will not change and signifies an exciting chapter for us, presenting opportunities for further growth for both the business and our staff, as well as an enhancement of the services we offer to our customers.

## CASE IH AF SERIES DEMONSTRATIONS

The AF Demonstration program was a resounding success! The sales teams from Moora and Three Springs had the opportunity to present the remarkable AF10 to eager customers, and the new AF series truly exceeded all expectations. With outstanding crops highlighting its capabilities, the AF emerged as the top performer in the field.

If you're interested in discovering more, please reach out to your local sales team. We still have some AF units scheduled to arrive later this year, so act quickly if you want to make a purchase!

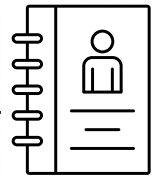

## HERITAGE GREEN STEIGER 785S

Out of the rare five Case IH Steiger 785 Legacy Edition tractors arriving in Australia, four will be delivered to RedMac customers. Congratulations to those who will soon be proud owners of this exclusive Case IH Steiger 785, showcasing its iconic heritage lime green color! A big shoutout to our sales team for quickly facilitating this opportunity for our valued customers across the region. We are thrilled to see such enthusiasm for this limited edition, which pays homage to the classic design while incorporating the latest advancements in agricultural technology. The Steiger 785s are not just tractors; they're a testament to engineering excellence and a symbol of tradition meeting innovation.

## TEAM RED LEGENDS

# DEDICATED TEAM RED

### TIM KING & MARK PANIZZA CELEBRATE 20 YEARS OF SERVICE

RedMac recently honoured Tim King and Mark Panizza for their remarkable 20 years of service and commitment to the company. Their dedication and expertise have been invaluable assets, helping to drive the company's success and foster a supportive and innovative work environment. Tim, with his deep knowledge as a Sales/AFS Specialist out of Moora, has been instrumental in enhancing customer relationships and expanding RedMac's market presence. Meanwhile, Mark, as the Service Manager in Moora, has consistently ensured top-notch service and operational efficiency, contributing significantly to the team's achievements. Their contributions have set a high standard for excellence, inspiring their colleagues and shaping the future of RedMac.

### EDEL ENTERA (CURLY) A VALUED MEMBER OF TEAM RED

RedMac proudly celebrates Edel Entera, the spirited Service Technician from Three Springs, as a true RedMac Legend. With 12 years of service under his belt, Edel—fondly dubbed Curly—has left an unforgettable mark with his contagious enthusiasm and sunny disposition. Edel is a bundle of fun, always ready to sprinkle a little joy wherever he goes. His vibrant energy uplifts team morale and makes client interactions a delight. Whether he's cracking a joke or solving a tricky problem, Edel's exceptional technical skills and quick thinking ensure top-tier service. Thank you, Edel, for lighting up the RedMac Team and adding a splash of sunshine to every day!
